9 fast math tricks to help you speed up your multiplication, addition, division and subtraction. After these, you will be able to do a lot of your math in your head, without any need for pencils and papers.

9 fast math tricks to supercharge your calculations

XtraMath ® helps students transition from counting or calculating the basic math facts to recalling them. Quickly recalling math facts, instead of calculating them, frees up mental resources for higher-level operations. XtraMath's timed activities encourage students to answer questions as quickly as possible.
