How an architect draws is a reflection of many things - you can frequently tell the priorities of a firm just by looking at the quality of their drawings. I didn't say the content of their drawings - and this isn't just semantics - it speaks to the culture of the firm. For the purposes of today's article, I am going to assume that all architectural drawings are correct and serve ...

Architectural Graphic Standards | Life of an Architect

Last week we took a look at an article about "architectural graphic standards" ... and I kicked that article off by stating how an architect draws is a reflection of many things ... that you can frequently tell the priorities of a firm just by looking at the quality of their drawings. I stand by that comment and think that clean and easy to read architectural drawings do more than just ...
