Book Review Chasing The Star

Community Reviews. Chasing the Stars is snappy and fast paced and the plot pulls you in more and more. You have the action filled beginning with the escape from the Mazon, then you have the murders on board which adds a nice mystery element to it, along with the romance and the drama from that.

Review: Director Bret Miller and screenwriter DJ Perry delve into the mystery that surrounds the Magi of the Christmas story in CHASING THE STAR. While weak performances and a mediocre screenplay hurt this movie, Miller and Perry's take on the journey of the Magi from their false faith to faith in the true God is genuinely interesting and theologically significant.
