Books Page By Paige

Page by Paige isn't the typical graphic novel in format. It's a little more free-flowing as there are many pages without panels. The author does a brilliant job of combining the artwork with the main character's emotions as the main character, Paige, is an artist and the GN reads like a combination of her diary and sketchbook.

Lonely and aloof, she decides to take her passion—art—to a new level and follow the rules that her grandmother (also an artist) lived by.

Given that the main character is a girl and the focus of the book is her emotional journey, this would also be a great introductory graphic novel for girls, who are sometimes more resistant to the format. I loved loved loved Page by Paige. When I tweeted about it, I used exclamation points. Two of them. And that from a girl who very rarely emotes.
