Building Construction Vol ii 4th

Shipbuilding is the construction of ships and other floating vessels. It normally takes place in a specialized facility known as a shipyard. Shipbuilders, also called shipwrights, follow a specialized occupation that traces its roots to before recorded history.. Shipbuilding and ship repairs, both commercial and military, are referred to as "naval engineering".

Shipbuilding - Wikipedia

Egyptian pyramid construction techniques are the controversial subject of many hypotheses. These techniques seem to have developed over time; later pyramids were not constructed in the same way as earlier ones.
