IT'S ALL ABOUT THE CURVE` THE FORCE IS WITH YOU` By mechanically manipulating the draw weight, the compound bow can literally change that straight line into a heavenly mountain of energy storage - a humpy little volcano of arrow velocity. With a cam, the drawstroke can be directly manipulated such that the bow's draw weight rises to peak weight much sooner in the cycle.

Biology is nothing without chemistry so you need to know the basics of chemistry as well. My favourite book is the Color Atlas of Biochemistry by Jan Koolman, K. Rohm. It is a pocket-size concise book (approximately 400 page s). What I like most is that every page on the left contains theoretical part and every page on the right depicts diagrams, illustrations, graphs and so on.
