The best thing about captive panel screws is that they stay with the access panel when it's removed. This makes them handy for securing doors and covers that are frequently removed to check an access port or control panel on machinery, electronics or computers.

### **Captive Panel Screws - Screws - Grainger Industrial Supply**

Captive panel screws, or captive screws, are great for use on panel equipment, such as on electronics, machinery or computers, where mounting hardware is frequently lost. The captive panel screws assure an easy and secure assembly while remaining on the access panel when it's removed.
