Open the notes section, and then simply RIGHT click on that "Templates" tab; it should open a window when you can choose "create new template" (near the bottom of the list). From there, you can (obviously) create your new template. Do it. It makes such a huge difference that I can't even put it into written word. dc

Cmss Summit The Future Of - scheepvaartmuseum.nl

I seem to remember in the VISTA system, there was some way you could create a template that included form data, and if you did it right, the system would simply pull the results into your note. Of course, it's been well over a year and a half since I spent any time at the VA (hooray for peds!), so I couldn't begin to tell you how to do it.
