RAS proteins are binary switches, cycling between ON and OFF states during signal transduction. These switches are normally tightly controlled, but in RAS-related diseases, such as cancer, RASopathies, and many psychiatric disorders, mutations in the RAS genes or their regulators render RAS proteins persistently active.

RAS Proteins and Their Regulators in Human Disease ...

We performed association analysis of BD and SCZ combined into a single phenotype, totaling 53,555 cases (20,129 BD, 33,426 SCZ) and 54,065 controls on 15.5 million SNP allele dosages imputed from 1000 Genomes phase 3 (The 1000 Genomes Project Consortium, 2015). Logistic regression was performed controlling for 13 principal components of ancestry, study sites, and genotyping platform.

One of the most important parts of choosing a research programme is finding a supervisor who has relevant expertise in your area of interest. When you find a supervisor who, or a project that, aligns with your research interests, you should make contact with the relevant potential supervisor/lecturer/Professor or NUI Galway staff member to discuss matters further.

Find a Supervisor/PhD Project - NUI Galway

Thanks to the incredible amount of high quality workshop proposals received, we were able to compile a thrilling workshop program for the RehabWeek first day, Monday, June 24th consisting of 45 different workshops.

General. Unchecked global warming could affect most terrestrial ecoregions. Increasing global temperature means that ecosystems will change; some species are being forced out of their habitats (possibly to extinction) because of changing conditions, while others are flourishing. Secondary effects of global warming, such as lessened snow cover, rising sea levels, and weather changes, may ...

The DSM-IV-TR classifies conversion disorder as one of the somatoform disorders which were first classified as a group of mental disorders in 1980 in the DSM III.. The new description of somatic symptom disorder in DSM-5 represents a big step forward, because the decision has been made to use, for classification, a positive criterion, namely maladaptive reaction to a somatic symptom, instead ...
