Medical Terminology. Medical terminology is a lot like learning a new language. As a matter-of-fact, medical terms are often referred to as the language of medicine. There are many terms in this ...

Types of Medical Terms: Eponyms vs. Descriptive Terms ...

Scientific terminology is the part of the language that is used by scientists in the context of their professional activities. While studying nature, scientists often encounter or create new material or immaterial objects and concepts and are compelled to name them. Many of those names are known only to professionals. However, due to popularization of science, they gradually become part of ...

D Distribution Grid search for term. A descriptive term for the system of water mains, which are typically installed in a grid pattern to help maintain a more constant pressure throughout the water system, and to allow multiple paths for water to reach each area of the system.

Water infrastructure terminology | Mueller Water Products

In the common view, political representation is assumed to refer only to the political activities undertaken, in representative democracies, by citizens elected to political office on behalf of their fellow citizens who do not hold political office. However, the lack of consensus in the political literature on political representation belies this common view.

Representation (politics) - Wikipedia

Corny Lingo. I know, I know: Some of the jargon here is well-worn. Some of it, though, is deceptive in its familiarity. If you can sit there without reading this diminutive dictionary, feeling firm in your knowledge that bag pipe bands and glass blowers used to be regular performers in sideshows, you probably don't need this chapter.

Bridge Basics. Because of the wide range of structural possibilities, this Spotter's Guide shows only the most common fixed (non-movable) bridge types.

Bridge Basics - A Spotter's Guide to Bridge Design

An airless spray system operating at high fluid pressure, typically 300-400 PSI, that uses a small amount of air to help shape the spray fan and eliminate the spray tails at the top and bottom of the spray fan pattern.

Restoration Terms, Terminology, Definitions and Glossary

Aristotle (384–322 B.C.E.) numbers among the greatest philosophers of all time. Judged solely in terms of his philosophical influence, only Plato is his peer: Aristotle's works shaped centuries of philosophy from Late Antiquity through the Renaissance, and even today continue to be studied with keen, non-antiquarian interest.

Aristotle (Stanford Encyclopedia of Philosophy)
