Erotic asphyxiation (variously called asphyxiophilia, hypoxyphilia or breath control play) is the intentional restriction of oxygen to the brain for the purposes of sexual arousal. The term autoerotic asphyxiation is used when the act is done by a person to him- or herself. Colloquially, a person engaging in the activity is sometimes called a gasper.. The erotic interest in asphyxiation is ...

In the context of consensual BDSM, a forced orgasm is a form of orgasm control, whereby the

active partner sexually stimulates the consenting partner until involuntary orgasm is achieved, with the consenting partner being unable to control the onset and intensity of orgasm. The consenting partner would be put in physical restraints to increase the feeling of helplessness, and deprive him or ...
