Did you know that bandwidth overage charges are (still) a problem and most users prefer not to rely on a developer? Well, I talked to 917 (real-life) users and created a guide to ****help others find the e-commerce software that suits them best****. I completed this guide by searching for websites built with e-commerce software (you can verify by looking at the source code — certain code strings

Search Engine Marketing is a method of getting your website to rank higher in search engines—such as Google, Yahoo or Bing. A search engine Marketing campaign pairs on-site optimization with off-site tactics, which means you make changes to your site itself while building a portfolio of natural looking back links to increase your organic rankings.
