Kids have huge imaginations and often go off on a tangent talking about being a superhero or a princess. However, sometimes kids can start to lie and think it's the same as playing pretend. Learning the difference between pretending and lying is a crucial component to your child's moral development.

Outer space is the closest known approximation to a perfect vacuum. It has effectively no friction, allowing stars, planets, and moons to move freely along their ideal orbits, following the initial formation stage. However, even the deep vacuum of intergalactic space is not devoid of matter, as it contains a few hydrogen atoms per cubic meter. By comparison, the air humans breathe contains ...
