Gartner is the gold standard for technology analysis and their analysts are usually ahead of the curve in identifying technology trends. However, I think they may have had a near miss on this one.

### **3 emerging technologies that will impact healthcare ...**

A circular economy (often referred to simply as "circularity") is an economic system aimed at minimising waste and making the most of resources. This regenerative approach is in contrast to the traditional linear economy, which has a 'take, make, dispose' model of production. In a circular system resource input and waste, emission, and energy leakage are minimized by slowing, closing, and ...
