Encyclopedia of Historians and Historical Writing, Volume 1. In addition to the Western tradition, it includes substantial assessments of African, Asian, and Latin American historians and debates on gender and subaltern studies.--Publisher description.

### **Encyclopedia of Historians and Historical Writing - Google ...**

Only a few living historians are included, for example, while the Fitzroy Dearborn set has entries for more than 200, among them Stephen Ambrose, Eric Foner, Peter Gay, Elaine Pagels, and Simon Schama. Encyclopedia of Historians and Historical Writing is a worthy addition to the reference collections of large public and academic libraries.

History. Few other categories or areas of study offer as rich or as diverse a range of topics as history. Starting with ancient Greece and their rise, our content follows the empires that followed their dominance. The rulers of Greece include Alexander the Great, the thinkers include Socrates and Plato, and the achievements...

Philosophy of History. History is the study of the past in all its forms. Philosophy of history examines the theoretical foundations of the practice, application, and social consequences of history and historiography. It is similar to other area studies – such as philosophy of science or philosophy of religion – in two respects.

Continental philosophy of history. A long, largely German, tradition of thought looks at history as a total and comprehensible process of events, structures, and processes, for which the philosophy of history can serve as an interpretive tool. This approach, speculative and meta-historical, aims to discern large,...

### **Philosophy of History (Stanford Encyclopedia of Philosophy)**

History and prehistory. The history of the world is the memory of the past experience of Homo sapiens sapiens around the world, as that experience has been preserved, largely in written records. By "prehistory", historians mean the recovery of knowledge of the past in an area where no written records exist,...

This version of the early history comes from the Aegyptica (History of Egypt) by the ancient historian Manetho who lived in the 3rd century BCE under the Ptolemaic Dynasty (323-30 BCE). Although his chronology has been disputed by later historians, it is still regularly consulted on dynastic succession and the early history of ancient Egypt.
