New patch made FIFA 18 unplayable ... EA brought out the first big patch for FIFA 18 this week, and all I can say it made the game unplayable for me. My players lost their speed of turns, accuracy, speed of pass and shot power. Players also tend to misjudge the landing points of crosses and high balls (happened 0-2 times/match before the patch ...

FIFA's second major update in as many weeks is here, available on PC now. But let's get this out of the way to start: As we mentioned last week with Title Update 4, FIFA 18's patch cycle appears set to be rapid and iterative. It's our read that we're going to get more patches than we've ever gotten ...

Score incredible goals in FIFA 18 as new movement and finishing animations unlock more fluid striking and heading of the ball. All-new crossing controls bring greater options to how you send it into the box. Whipped to the spot, arching deliveries, and pinged crosses to the back-stick will shake up your attacks in the final third.
