During a 70s brainstorming session for Raiders, Steven Spielberg and George Lucas seriously considered the idea that Indiana Jones' backstory should totally include the time he had sex with a girl who still had most of her baby teeth. Lucas commented that it would be "amusing," to which Spielberg immediately added that it would be even funnier if Marion was this 12 year-old slut who came on to ...

Alternative techniques . There are two other techniques that allow for shooting with one camera and no camera attachment. These are the Pulfrich method and the ChromaDepth method and they are totally unrelated to any 3-D camera setup.. Pulfrich only works when the camera and / or the objects around it are spinning (moving horizontally), so your choice of subject matter is rather limited.
