Grammar A Step By Step

The system of diagramming used on this web site and in my books of sentence diagramming was introduced by Stephen Clark in 1847, modified by Alonzo Reed and Brainerd Kellogg some thirty years later (Higher Lessons in English: A Work of English Grammar and Composition, Clark and Maynard, 1884), and expanded by Homer C. House and Susan Emolyn Harman in 1931 (Descriptive English Grammar, 2nd ed ...

In formal language theory, a grammar (when the context is not given, often called a formal grammar for clarity) is a set of production rules for strings in a formal language. The rules describe how to form strings from the language's alphabet that are valid according to the language's syntax. A grammar does not describe the meaning of the strings or what can be done with them in whatever context ...
