### **Hyperbaric Medicine Practice By Eric**

Hyperbaric medicine is medical treatment in which an ambient pressure greater than sea level atmospheric pressure is a necessary component. The treatment comprises hyperbaric oxygen therapy (HBOT), the medical use of oxygen at an ambient pressure higher than atmospheric pressure, and therapeutic recompression for decompression illness, intended to reduce the injurious effects of systemic gas ...

Saturation diving is a diving technique that allows divers to reduce the risk of decompression sickness ("the bends") when they work at great depths for long periods of time. Saturation divers typically breathe a helium-oxygen mixture to prevent nitrogen narcosis. In saturation diving, the divers live in a pressurized environment, which can be a saturation system on the surface, or an ...
