The latest (10th) edition of my Software Engineering textbook was published in April 2015. I have extensively revised and updated the 9th edition to reflect some of the key challenges for software engineering. These are the need for more agile development, the need to manage system complexity and the need to build systems that are secure and ...

Wester Ross. This is the second instantiation of my personal web site and blog, which I designed in 2018. I explain the rationale for creating a new web presence in this post, Starting Afresh, which I wrote after my web site was hacked. I have moved away from a chronological blog format because blogs focus attention on the most recently created material.
