Illustrated Microsoft Office 365 Access

Microsoft 365 brings together Office 365, Windows 10, and Enterprise Mobility + Security. It delivers a complete, intelligent, and secure solution to empower people.

Microsoft 365 Blog - Home

In addition to the baseline, volume-level encryption that's enabled through BitLocker and Distributed Key Manager (DKM), Office 365 offers an added layer of encryption at the application level for customer content in Office 365, including data from Exchange Online, Skype for Business, SharePoint Online, and OneDrive for Business. This is called service encryption.

Service encryption with Customer Key for Office 365 FAQ ...
