Knowledge And The Flow Of

The author of this book is a philosopher, and he has written primarily to and for other philosophers. This work, however, is of interest to contemporary cognitive psychologists because Dretske has attempted to extend the concept of information into types of information similar to what we would commonly call knowledge.

The framework of knowledge flow, stock, tacit and explicit knowledge - is not changing. The economics, the logic underlying the system, is remaining constant. What is changing are the value - and on a case by case basis. Yes, the world is different; but the more things change, the more they stay the same.

Knowledge Stocks vs. Flows - Inscitia

The centre stewards the knowledge and validates it, while the knowledge workers both apply and improve the knowledge. In the multiframe model, the knowledge flows between expert and worker, worker and worker, worker and expert. Knowledge is created, updated and validated by all parts of the system, and is available in real time.
