Laravel Offline Docs Posted 2 years ago by EasonLuo. I may go to the wrong place but I don't know where to put this question. I want to get an offline version of the Laravel 5.2 Documentation cause I travel on trains everyday and code on trains sometimes. I google how to get the offline Laravel documentation.

### **Laravel Offline Docs - Laracasts**

A free ebook version of the Laravel 5.x Official Documentation. Laravel is a free, open-source PHP web framework, created by Taylor Otwell and intended for the development of web applications following the model-view-controller(MVC) architectural pattern. Some of the features of Laravel are a modular packaging system with a dedicated dependency manager, different ways for accessing ...

For more information on Redis in Laravel, please consult the full Redis documentation. Migration Default String Length Laravel 5.4 uses the utf8mb4 character set by default, which includes support for storing "emojis" in the database. If you are upgrading your application from Laravel 5.3, you are not required to switch to this character set.

### **Laravel 5 4 official documentation-sample | Cloud Drive ...**

Read the docs - If you're looking for help with an issue, please read the official Laravel documentation and search the subreddit for existing answers to your question beforehand. We want to be as beginner friendly as possible but submissions that have obviously not even had a cursory glance at the documentation may be removed.
