Light A Question And Answer

The last question was asked for the first time, half in jest, on May 21, 2061, at a time when humanity first stepped into the light. The question came about as a result of a five dollar bet over highballs, and it happened this way:

The Last Question -- Isaac Asimov - Multivax

Atomic vs. Orbital Time. Why would the speed of light decrease? In 1981, T. C. Van Flandern, working at the U.S. Naval Observatory, showed that atomic clocks are probably slowing relative to orbital clocks. 11 He wrote: The number of atomic seconds in a dynamical interval (such as a revolution of the Earth about the Sun) is becoming fewer.

Galaxies Are Billions of Light-Years Away, So Isn't the ...

Question: "How could there be light on the first day of Creation if the sun was not created until the fourth day?" Answer: The question of how there could be light on the first day of Creation when the sun was not created until the fourth day is a common one. Genesis 1:3-5 declares, "And God said, 'Let there be light,' and there was light.

How could there be light on the first day of Creation if ...

The wavelength and frequency of light are closely related. The higher the frequency, the shorter the wavelength. Because all light waves move through a vacuum at the same speed, the number of wave crests passing by a given point in one second depends on the wavelength.

Why is the Sky Blue? - Science Made Simple

Gamma rays have the shortest wavelengths, < 0.01 nanometers (about the size of an atomic nucleus). This is the highest frequency and most energetic region of the electromagnetic spectrum. Gamma rays can result from nuclear reactions and from processes taking place in objects such as pulsars, quasars, and black holes.

Is light matter? If it is, what form/state of matter is it? If it is not, why not? Question Date: 2004-01-20: Answer 1: I'm not sure if other scientists would answer this question the same way I do, but I think this is a very philosophical question that depends on what you mean by matter.. If you are asking if light carries energy and momentum, the answer is definitely yes.

Question: "How should we live our lives in light of our identity in Christ?" Answer: Our identity in Christ is first and foremost one of newness. We are new creations in Christ (2 Corinthians 5:17). Identity is defined as "the collective aspect of the set of characteristics by which a thing is definitively recognizable or known," so our new identity in Christ should be recognizable both to ...
