I work with kids who, for the most part, already know their facts, so at this point, they are working on memorization and automaticity. We always review several ways to show multiplication on an anchor chart.

Teaching With a Mountain View: Multiplication Mastery Madness!

Mastering multiplication facts is such an important skill for 3rd grade students. As a former 4th grade teacher, I fully understand how crippling it can be for students who struggle with basic multiplication facts while trying to learn more challenging math concepts.
