Glossary of Musical Terms - Classical Works

The Musical Intelligence. Introduction: What is intelligence? (Gardner, Howard. Frames of Mind, 1983). The theory of multiple intelligences developed by Howard Gardner has significantly influenced education in the last few decades.

The Musical Intelligence - Soundpiper

A gesture is a form of non-verbal communication or non-vocal communication in which visible bodily actions communicate particular messages, either in place of, or in conjunction with, speech. Gestures include movement of the hands, face, or other parts of the body. Gestures differ from physical non-verbal communication that does not communicate specific messages, such as purely expressive ...

Gesture - Wikipedia

Conducting is the art of directing a musical performance, such as an orchestral or choral concert. It has been defined as "the art of directing the simultaneous performance of several players or singers by the use of gesture." The primary duties of the conductor are to interpret the score in a way which reflects the specific indications in that score, set the tempo, ensure correct entries by ...

Conducting - Wikipedia

Musical performance: Musical performance, step in the musical process during which musical ideas are realized and transmitted to a listener. In Western music, performance is most commonly viewed as an interpretive art, though it is not always merely that. Performers to some degree determine aspects of any music they

Terminology is always challenging. I have previously written about definitions of actions and gesture several times (e.g. here, here, and here) and chapter 2 in the book Musical gestures: sound, movement, and meaning (Routledge, 2010): There are, however, two words/terms that I still find very challenging to define properly and to differentiate: movement and...
