By definition a research paper requires the writer to learn a great deal about their subject, so it is always a good practice to select a topic that truly interests you before you begin gathering sources.. If you are interested in your topic, learning about it will be more pleasurable and you will write with greater passion, so choose your topic thoughtfully.

1984 Summary. Published in 1948 and set thirty-six years in the future, 1984 is George Orwell's dark vision of the future. Written while Orwell was dying and based on the work of the Russian author Yevgeny Zamyatin, it is a chilling depiction of how the power of the state could come to dominate the lives of individuals through cultural conditioning.
