Coopetition is a business ideology taken directly from insights gained from game theory. Coopetition games are statistical models that consider the ways in which synergy can be created by ...

Coopetition - Investopedia

A value chain is a set of activities that a firm operating in a specific industry performs in order to deliver a valuable product or service for the market. The concept comes through business management and was first described by Michael Porter in his 1985 best-seller, *Competitive Advantage: Creating and Sustaining Superior Performance*. The idea of the value chain is based on the process view ...
