Welcome to the Companion Website for Operations Management, 10/e Global edition and Principles of Operations Management, 8/e Global edition . Please select a chapter above for Student Resources.

Operations Management, 10/e Global edition and Principles ...

Inspired by the idea, I re-read Ray Dalio's Principles and Kekich's Credos, which codified the general operating principles of two people I admired and started a list for myself.. When I'm faced with a decision that I am having difficulty making, I read over them and often find a bit of insight which helps make the decision.

My General Operating Principles: 37 ... - Taylor Pearson

Operations management is an area of management concerned with designing and controlling the process of production and redesigning business operations in the production of goods or services. It involves the responsibility of ensuring that business operations are efficient in terms of using as few resources as needed and effective in terms of meeting customer requirements.
