### **Really Cool Diy Crossbow Plans**

So began my quest to learn how to build a medieval crossbow and searched the internet for crossbow plans. Since I am a historical re-enactor, and my focus is the medieval ages, the crossbow plans I have mainly considered are as closely resembling medieval crossbows as possible. I can't believe the number of DIY crossbow plans available on the net.

A crossbow is a weapon that has a horizontal bow mounted on a stick, called a stock. It shoots projectiles, called bolts, at a target. Modern crossbows are compound crossbows which have stiffer limbs to make the bow more energy efficient and a string attached to a pulley system to make it easier to draw back with increased power as the bolt is fired.
