Of course, as you get older and more financially stable, you should be able to put away more to invest. Upping the ante to just \$166 a month -- which is probably less than lunch money plus what ...

Why Should I Invest? -- The Motley Fool

Diversify investments to reduce risk. If you are borrowing to invest, it's important to make sure your investments are diversified. Diversification will reduce your investment risk and leave you less exposed to a single economic event, so if one business or sector you've invested in fails or performs poorly, you won't lose all your money.
