The MC wants to get dissolve her engagement and ends up doing something generally regarded as stupid, but works out well for her. As remy911 said, the story very much resembles one of those Harlequin or josei romances, though the author didn't really bother to pretend the MC is smart or independent.

Well, if your goal is to publish and sell your novel, those rules are pretty darn important. As with many publishing standards, word count guidelines exist for a number of reasons — including marketing and sales — but also to help create stories that are free from plot or pacing issues that can exhaust readers. You wouldn't be reading this article right now if a quick scroll down showed ...

The main problem I have with this series is actually right there in the premise: the concept that being "Jack of all Trades, Master of None" is a BAD thing. In the story even the freaking Adventurers Guild (who should know better) laughs so much when they find out about our Main Character's power that there are people actually rolling on the ground complaining that their sides hurt.
