Evolutionary psychology is a theoretical approach in the social and natural sciences that examines psychological structure from a modern evolutionary perspective. It seeks to identify which human psychological traits are evolved adaptations - that is, the functional products of natural selection or sexual selection in human evolution. Adaptationist thinking about physiological mechanisms ...

The Red Book is a red leather-bound folio manuscript crafted by the Swiss physician and psychologist Carl Gustav Jung between 1915 and about 1930. It recounts and comments upon the author's imaginative experiences between 1913 and 1916, and is based on manuscripts first drafted by Jung in 1914-15 and 1917. Despite being nominated as the central work in Jung's oeuvre, it was not published ...

The Red Book (Jung) - Wikipedia

How does positive psychology help coaches to help their clients? Positive psychology is a natural fit with coaching. Clients seek out coaching for a full range of issues, but underneath all of these issues is a generally unstated desire to increase their overall sense of happiness and well-being.
