The manual is about 10 pages long and covers the hull constructions (rigging is not covered in the manual). However the model comes with 12 pages of highly detailed plans in scale 1:2. At least what I have seen so far it should be easy enough to follow the instructions and plans for this model. //Soren

METAL OARLOCKS - 4,5 mm. (10 Pcs.) The oarlock is a brace that attaches an oar to a boat. When a boat is rowed, the rowlock acts as a fulcrum, and, in doing so, the propulsive force that the rower exerts on the water with the oar is transferred to the boat by the thrust force exerted on the rowlock.
